

# LEADERS IN CONSTRUCTION SAFETY

A CEF INITIATIVE

## **BSG Civil Engineering Limited**

As a Leader in Construction Safety I commit to instilling a culture of 'visible and felt' health and safety leadership throughout the senior management levels within my company. I will spend a minimum of four hours per month conducting safety walk-about on site as will all directors and senior managers in the company.

We will operate a system for monitoring unsafe acts. Where we witness unsafe situations whilst on site we shall halt work in that area immediately. Work will not be allowed to recommence until the unsafe situation is rectified.

Signed:

Managing Director

Leaders in Construction Safety,  
Construction Employers Federation (CEF),
